Exterior Door Collections

BARRINGTON.
ULTIMATE STYLE & DURABILITY

- Featuring superior woodgrain texture, distinct raised mouldings and wider glass, Barrington. doors offer the ultimate in style and durability.
- *More Barrington. door options available, see page 14.

VISTAGRANDE.
BRING THE OUTDOORS IN

- VistaGrande. Flush-Glazed doors offer a wider viewing area and cleaner appearance over traditional glass inserts. Stile and rail features provide an authentic wood door look.

HERITAGE SERIES.
AUTHENTIC CRAFTSMAN DETAIL

- Heritage Series.. Craftsman door designs are available as opaque in both 6'8" and 8'0" applications to provide privacy and security or add one of the designs from our Heritage Series.. decorative glass collection.

BELLEVILLE.
THE ORIGINAL FIBERGLASS

- Belleville. doors feature distinct architectural details, a reinforced lock area and thousands of customizable glass and panel combinations to choose from.

HD STEEL
READY TO PAINT

- Masonite. HD Steel doors come primed and ready to paint. These doors feature high-definition decorative panel profiles that closely replicate the appearance of a high-end wood door with the ultimate in security.

STA-TRU.
PRE-PAINTED STEEL

- Sta-Tru. doors offer the security of steel. The door comes pre-finished with white paint, so there's no need for additional finishing unless you want to add a pop of color.
- Available in a wide range of profiles, sizes, glass and fire ratings, Sta-Tru. steel doors are a sound choice for front door or house-to-garage applications.

Lexington Entry Systems

by

KENTUCKY WHOLESALE BUILDING PRODUCTS

Kentucky Wholesale pre-hangs Masonite® door panels using the finest quality components. Treated and primed frames are standard, with options for rot free frames, as well as white, almond, or sand clad frames. Premium Oak high-dam adjustable inswing or outswing sills and continuous head & sill for sidelite units, are all standard. Glass options include: grill between glass (in white, tan, or 2 tone), low-e glass, and blind between glass (also raise & tilt). Also available are many options for jamb (wall) thickness, spread mulls, and fixed/ operating configurations.

Continuous head, sill and mull system

Utilizing a continuous head, sill and one-piece mull assembly maximizes the stability and rigidity of any sidelited unit. This continuous system also simplifies assembly and virtually eliminates racking and bending. NOTE: Mill finish is standard on all sills. Bronze finish is also available.

High Performance weather stripping

Vinyl-wrapped, foam-filled, compression weather-stripping and corner seals are added to the door frame providing protection against air and water infiltration.

High-dam adjustable sill

High-dam sills create a positive barrier to water infiltration. The high-dam design feature holds back the inevitable rise in the water level against the threshold as wind speed increases. Combining high-dam technology with a high quality door bottom seal, securely protects the bottom of the door unit from air and water infiltration.

The adjustable cap feature allows for easy field alterations. Fixed bumper and low-profile designs are also available to meet outswing or handicap accessible applications.

Exterior frame system

Primed wood frames and applied brickmould are standard. For additional frame options, such as other frame depths, stainable frames, vinyl-clad frames, and PVC brickmould, please see your dealer.

Vistagrande Patio and French Doors

Instantly brighten any space with Vistagrande Flush-Glazed Fiberglass doors. Vistagrande doors offer a wider viewing area (26" wide glass) and cleaner appearance over traditional glass inserts.

	BUILDERS $564 Hardware Only $152 Satin Nickel, Matte Black or Brass		**SAVOY** $823 Hardware Only w/Dummy Kit $405 Satin Nickel or Matte Black
	MONACO $616 Hardware Only w/Dummy Kit $238 Satin Nickel or Matte Black		
	WINDSOR $731 Hardware Only w/Dummy Kit $305 Satin Nickel or Matte Black		**TIMES SQUARE** $705 Hardware Only w/Dummy Kit $330 Satin Nickel or Matte Black

** Multi-latch and dead locking tongue hardware are not interchangable.*

As society continues to demand better security, more and more people are turning to multi-point locking systems. The multiple locking points combat forced entry by spreading out the pressure through the full length of the door panel. Additionally the multi-point systems lock the door in place, which keeps the door in better alignment with the frame. This helps to prevent warping in the door and keeps your entry system energy efficient.

Kentucky Wholesale Sunrise Pre-Finishing

Choose to have your exterior door and frame painted or stained in several standard colors. 3 week lead time on painted or stained units. Contact your sales rep for color samples.
